

Dear Welcomed Guest,

In an effort to further support both your comfort and safety during your visit to Bigfork, MT and your stay at Mystic Mountain, we offer the following for your consideration during stage 2 & 3 of the Montana pandemic.

GET OUTDOORS: After a prolonged quarantine for most of us, now is an ideal time to refresh your body, mind and spirit by spending as much time as possible **enjoying the great outdoors**. There are countless options for you to do so here.

RESPECT PRIVATE PROPERTY and neighbors by practicing social distancing when walking/hiking or exploring our property and neighborhood. Also practice the **15-20 mph speed limits** on our surrounding gravel streets.

CARRY AND USE DISINFECTANT when out and about or touring. We have provided all our guests with small pocket size disinfectant bottles as well as plenty for in house use in each bathroom.

CARRY MASKS/FACE COVERINGS for use in areas that requires them. Certainly not required outdoors away from public areas.

MEAL PLANNING: With restaurants limiting seating due to social distancing protocols and an increase in summer travelers, wait times could be longer. Consider alternatives to dining out.

- Our MM floor plan is great for group meal prep and our kitchen is well equipped as is our deck and outdoor grill. Enjoy intimate and convenient family meals without leaving the property.
- **Plan meals in advance** and shop for family size pre-made meals. Super 1 (encourages masks) or Costco (requires masks) are both in Kalispell. (We have provided a dining and shopping guide available on our website under "Insiders Guide" at the bottom menu.)
- **Bigfork Harvest Foods Click-N-Pick** is a local, online grocery service: all the items you love from Bigfork Harvest Foods can be purchased online! Shop wherever and whenever it is most convenient for you and we will have your order ready for convenient curbside pickup. It's easy, fast and affordable. Just create an account, add items to your grocery cart, select a curbside pickup time and arrive at the store to get your groceries. Leave everything in the middle up to us! WalMart In Kalispell also has order and pick up.
- **Call in your "to-go" food orders** in advance and do curb side pick up or ask for delivery options. Rosa's Pizza delivers.
- Order a catered **Montana style BBQ** by the Porteus Family with plenty of extra for left overs! <https://www.porteusbbq.com> 406.471.6622

We have done our best to support your stay. If we have missed anything or if you have further ideas please don't hesitate to share with us.

Enjoy your retreat! Kalli and Staff
