Welcome Valued Guest,

In our effort to maximize your safety and the sanitation of our home, we have removed several amenities which are impossible to disinfect regularly. Such as: throw pillows, throw blankets, magazines, toys & games.

Our winter comforters/bedspreads have been replaced with summer duvets which are regularly laundered after each guest.

Areas and or items not disinfected have been noted for your awareness and discretion.

We trust you recognize this is a result of our diligence to assure your comfort and safety.

Enjoy your stay, Kalli & Shelli (Domestic Manager)
