

Mystic Mountain Dock And Deck

DOCK AND LAKE FRONT OBSERVATION DECK: Please see guest book or diagram for more specific directions to the lake dock and deck. If you look out the right corner of the house deck and follow the path/road you can see a corner of our dock on the other arm of the lake. Follow the path down and stay on our side of the fence and you will find it.

As the weather here in Montana can shift very quickly, be mindful to stack chairs and tilt them so they do not fill with water. Also, bungee them to the log railing so they do not blow away. Do not leave any trash down at the dock, in the boat as it will attract critters.

DO NOT CROSS OVER OR GO UNDER AND OF THE FENCES BELOW THE HOUSE AS THIS IS PRIVATE PROPERTY. VIOLATIONS ARE SUBJECT TO LOOSE SECURITY DEPOSIT.

CANOE: A three person canoe is down at the dock for your enjoyment. Please tie it up well to the dock and/or pull it out to dry land and flip over to prevent water damage in rain. If it looks like rain, kindly pull it up on the dock and flip it over to keep the water out. Respectfully wipe down the interior as needed for the next guests. There is a small storage/cooler in the middle of the canoe under the middle seat.

ORES AND LIFE VESTS are stored in the dock box on the lake front deck or in/under the canoe if on dry land. Please be sure to return them after your use.

FISHING Information and laws regarding fishing is in our guest book on the desk. You can find fishing poles and a tackle box with limited supplies in the lower garage behind the door. Please be respectful and return items after each use.

WILD LIFE: Please be mindful and respectful of the local wild life. Keep in mind you are in Montana and wild life siting are common. **Practice respect and caution.**
