- Provide recycle bin for cardboard boxes, paper and soda cans.

EFFICIENCY

- Energy Efficient appliances
- Smart thermostat
- Replace burned out light bulbs with LED Lightbulbs
- Change, clean filters, coils and airlocks regularly
- Reuse towels by providing hooks in each bathroom to hang them to dry rather than replacing with clean ones
- Reduce the quantity of towels used therefore laundry and water use.

GENERAL PRACTICES

- Use only green cleaning products that are non toxic for people and the environment.
- Forbid toxic, harmful chemicals such as "Round-up" to be used any where on our property!

LIVING IN HARMONY

- Create sacred alters deliberately placed on the exterior property for guests to express their respect and reverence or leave blessings for the land and nature.
- Sit spots and natural bench areas created to invite guest to sit for a spell, meditate, breath and appreciate the many stunning views.
